

RIOTLITE™**SAFETY & SECURITY LAMINATE**

When violence breaks out, retailers and building owners need robust protection amidst the chaos. Building and storefront glass windows and doors are easy targets for forced entry, property damage and inventory theft.

RiotLite™ is an innovative laminate solution from DefenseLite® that applies directly onto existing glass surfaces. Featuring a durable, thick film 'stack' for application to interior glass, RiotLite provides reliable shatter-resistance for property owners in the face of severe security threats — including riots and smash & grab crime.

SAFETY & SECURITY RIOT PROTECTION LAMINATE BENEFITSBenefits of **RIOTLITE™**

- Optically clear, 21 mil. thick film for application to interior glass
- Stackable protection
- Provides shatter resistance, protecting from broken glass hazards caused by glass breakage and other impact events
- Exhibits strong adhesion to glass and shock absorbing properties
- Protective hard coat provides scratch resistance and a durable surface
- Protect from the harmful effects of UV light and reduce fading of interior furnishings
- Easily cleaned with typical window cleaning solutions
